2. Voted Millage
3. Non-Ad Valorem Assessment

The codes listed above are intended to describe the nature of the taxing authority and the type of millage. Enter the appropriate number in each of the five code columns. Be as descriptive as possible; separately list each taxing authority in your county according to the characteristics above. List all county commission millages first, then, all school district millages, all dependent special district millages, including municipal service taxing unit millages, and all independent special district millages, including water management district and basin millages. Millages with like characteristics, i.e. voted or non-voted, county-wide or less than county-wide, should be listed together within the above categories. Total all taxes levied. All voter approved debt payments should be specified and listed with the appropriate taxing authority or special district. Round all amounts to the nearest whole dollar. List all non-ad valorem assessments included on the tax rolls. A separate levy entry should be reported for each DR-420, DR-420S and DR-420DEBT form provided to a taxing authority.
